## 5. Presidents Report

Peter Hook took his report as being read but matters highlighted were:

5.1 Catering - The Board understood it had been a Big Year in terms of moving the operations in-house. To make such a decision also meant going through a large process and thanked the Board for their contributions though out this process.

Overall it was accepted as a good decision, it appears to be well supported by the members and provided a nicer "feel" in the clubhouse.

Revenue currently is ahead of budget and last year's figures but accepted there was still a long way to go in terms of it being a success financially and offerings.

He noted the Board could not have made this inhouse decision if it was not for employing a full-time manager.

5.2 Sailing manager - The appointment of a professional sailing coordinator was also seen as a good decision as the Sailing Programs were again functioning, evident by the increase in revenue compared to the previous year

5.3 Tennis Coach - The appointment of Daniel Byrnes this year has also seen an increase in Junior Tennis at the club and he is doing a great job.

## 6. Treasurers Report Grant Snowden

6.1 It was noted that club had a comfortable reserve of funds in the bank.

However, the Club had made a \$70,000 deficit for the following reasons.

6.2 Catering The establishment of new staff, refurbishment of the bar and the establishment of a new business for the club in the last 3 months of the financial year meant a higher amount of expenses that had not been budgeted for

6.3 General Manager – The General Manager's Wage since October 2017 had also not been budgeted and higher than the previous operations managers salary.

Question: Why is Membership Revenue down on previous year. David Gates

Answer: Membership Revenue was higher. How it was reported under cash flow in the financial reports did make it appear confusing.

Question: Has the club planned to make a surplus in 2018-2019. David Gates

Answer: Yes, it has budgeted a surplus, but it does all depend on the Catering performances over the Summer months.

Question: Why has sailing expenses increased significantly. John Trevena

Answer: The appointment of a professional sailing coordinator

Question: Why is Long Service leave an expense line item. Lynette Hinings - Marshall

Answer: The club has increased from 1 Full Time Staff member to 5 Full Time Staff members and another 16 plus casual and part time staff and this needs to be accounted for. It is money not spent.

Peter Hook reiterated that \$60K of Tennis Court resurfacing was also required to be expensed in 2017-2018 year (not capitalised as previously budgeted) in the previous year. It was thought the \$2,000 per month being put aside for the resurfacing of the next two courts would possibly occur in the next financial year.

13.1 Social tennis – Ross McDonald

There was no proposal as such but on behalf of the Social Mon and Thur Morning tennis group Ross “somewhat reluctantly” wanted all to know the importance of this Social group that had been playing at the club for over 30 years but how they felt poorly communicated to recently in terms of when the new coach started and the conducting of the Term 3 School holidays programs which interfered with their activity. They expressed interest to be included in the proposed Use of Tennis Courts policy the General Manager was drafting.

13.5 Member Behavior – Code of Conduct. Graeme Atkins

Asked how does the Board address members poor behaviour at the club?

Peter Hook spoke on one incident that involved a non-member and agreed the members need to be educated on the club's code of conduct and not to express any frustrations to staff but to Senior Management as the first point of contact.

GA suggested a Sign letting members know which manager was on duty at that current time.
